

A photograph of a middle-aged couple walking on a sandy beach. The woman is on the left, wearing a light blue, long-sleeved, button-down top with decorative patterns. The man is on the right, wearing an orange long-sleeved sweater. They are both smiling and looking at each other. The background shows the ocean with gentle waves and a bright, slightly hazy sky.

WHAT IS ACCELEWRITING®?

Sagicor Life Insurance Company’s (Sagicor) Accelewriting® process is an automated underwriting system that utilizes an eApplication to provide an underwriting decision in minutes and eliminates the need for a face-to-face meeting with the client and telephone interview. In some cases, additional requirements may be required, such as medical exams, bodily fluids and Attending Physician’s Statements (APS).¹ These cases will automatically be referred to underwriting without the need for a new application, which provides a ‘fast track’ for the underwriting review and approval process.

Accelewriting® with eDelivery is available for WealthCare:

STEP 4

RUN THE ILLUSTRATION

1. Log on to the Producer Portal from SagicorProducer.com.
2. Launch our Illustration Software by selecting Account Home. Then, click on the bar that says “Run Sagicor Life Illustration Software Online.”
3. Click on “Start Illustration Tab.”
4. You must select “Jurisdiction, Product Type, and Product Name” for the Application option to appear.
5. Enter “Proposed Insureds” information (birthdate must be provided).
6. Enter product information.
7. Select “Reports” to see entire illustration.
8. Save the illustration.
9. Select “Application” to complete the eApplication.

Note:

- (1) Be sure to run the illustration for the state in which the client will sign the eApplication. This will help ensure that the correct forms, coverage, rates, etc. are used and helps eliminate delays in processing.**
- (2) The online version of the Illustration Software must be used with the eApplication.**
- (3) The illustration must be saved before you enter the eApplication.**
- (4) Information entered in the illustration cannot be altered during the eApplication, including the premium mode selected.**

See ‘Detailed Instructions for Running an Illustration’ on the Producer Portal for further information.

STEP 5

COMPLETE THE eAPPLICATION

1. Click on “Application” and then “Create Application.”
2. Complete the 4 steps for the eApplication:
 - a. Form Entry
 - b. Signatures
 - c. Review — Request Review and/or Submit application electronically.
 - d. Finalize

STEP 6

INFORMATION VERIFICATION AND UNDERWRITING DECISION

1. Identification information such as name, address, date of birth and Social Security number will be verified. If verified, the eApplication is submitted immediately via Accelewriting®. If not verified, the eApplication will be reviewed, and any identification discrepancies will need to be addressed before it can go through Accelewriting®. Sagicor will contact you as needed.
2. Once submitted through Accelewriting®, the decision comes back to you electronically in minutes (1 – 2 minutes on average). If you are still in the Sagicor software, you will see a message pop up on your screen. If you have closed the software, there will be a message for you in the ‘Message Center’ (upper right-hand corner of your illustration screen) and in the Application History Section when you return.
3. The possible underwriting decisions are:
 - Approved Preferred Non-tobacco
 - Approved Standard Non-tobacco
 - Approved Preferred Tobacco
 - Approved Standard Tobacco
 - Referred to Underwriting (RTU)
 - Declined

STEP 7

POLICY DELIVERY AND COMMISSION PAYMENT

- A. If Client opts for policy eDelivery at time of eApplication and **no requirements are needed**, the following steps will occur:
 - a. Sagicor delivers a policy link via email to the producer and client.
 - b. Client electronically accepts policy.
 - c. Sagicor settles policy and pays commissions electronically.
- B. If Client opts for policy eDelivery at time of eApplication **and a revised illustration is required**, the following steps will occur:
 - a. Sagicor delivers a policy link via email, which includes the revised illustration to the producer.
 - b. The producer electronically signs the revised illustration and then sends policy link via email to the client.
 - c. Client electronically signs the revised illustration and accepts the policy.
 - d. Sagicor settles policy and pays commissions electronically.
- C. If Client opts for policy eDelivery at time of eApplication **and both a revised illustration and amendment are required**, the following steps will occur:
 - a. Sagicor delivers a policy link via email, which includes the revised illustration and amendment to the producer.

 - b. Client electronically signs the amendment and accepts the policy.
 - c. Sagicor settles policy and pays commissions electronically.
- E. If Client opts out of policy eDelivery at time of eApplication, the following steps will occur:
 - a. Sagicor mails the policy including any requirements to the producer.
 - b. Producer delivers the policy to owner and gets any delivery requirements signed.
 - c. Producer signs any delivery requirements.
 - d. Producer sends all delivery requirements to Sagicor.
 - e. Sagicor settles policy and pays commissions electronically.

FREQUENTLY ASKED QUESTIONS

What is Accelewriting®?

Sagicor's Accelewriting® process is an automated underwriting system that utilizes an eApplication to provide an underwriting decision in minutes and eliminates the need for a face-to-face meeting with the client and telephone interview. In some cases, additional requirements may be required, such as medical exams, bodily fluids and Attending Physician's Statements (APS).¹ These cases will automatically be referred to underwriting without the need for a new application which provides a 'fast track' to the underwriting review and approval process. Accelewriting® is used in conjunction with an eApplication.

What is the maximum amount of total coverage available?

For Accelewriting®, the maximum limit is \$500,000. Please refer to **page 3** to review age and Net Amount at Risk guidelines.

When submitting an indexed single premium universal life eApplication, how is Net Amount at Risk (NAR) calculated?

The NAR equals the Guaranteed Death Benefit Amount in year 1 of the illustration, less the single premium paid.

Is there a telephone interview?

No. Your initial questions and the expanded eApplication pages allow our Accelewriting® automated rules engine to gather needed information without a vendor telephone interview.

Can I use a tablet?

Yes, the eApplication process that utilizes Accelewriting® is compatible with a tablet.

What is policy eDelivery?

eDelivery provides an instant electronic policy delivery to your client at policy issue and lets you monitor the entire process through the eDelivery Producer dashboard. eDelivery is only available with an eApplication and is an optional feature at no additional charge.

Will I need to enter my client's information more than once as I complete the illustration and eApplication?

No. All information entered into the Illustration System is electronically entered in the eApplication, which reduces the need for duplicate data entry. Once the illustration is saved, approximately 77% of the eApplication is complete.

Can an eApplication be entered without first completing an illustration?

No. The illustration must be completed and saved before the eApplication can be started.

Can you alter information on the eApplication without changing the illustration?

No. Any information that has been pre-filled in the eApplication, from the illustration, cannot be changed without going back to the illustration and rerunning it.

What can slow down processing and the underwriting decision on Accelewriting®?

Inaccurate information. Be sure the data input is accurate, including identification information such as name, address, date of birth, etc.; these items must be accurate. Certain errors (e.g., incorrect states, wrong producer number) stop the process and require manual input by you or us. Make sure your producer license and appointment information are up-to-date before you submit the eApplication. This can cause delays.

What else can slow down the process?

Premiums not received. Please be sure all paperwork for funds transfers are completed accurately and any premium due is submitted to Sagicor in a timely manner.

¹ May depend upon the answers to the health questions in the application.

Which state should I use to run the illustration for a client?

The state where the client will sign the eApplication should be used for both the illustration and the eApplication. You need to be licensed and appointed by Sagicor in that state or we will not be able to complete the application process.

What happens if the client selects 'Decline eSignature'?

If the client declines to eSign, they cannot continue with the application process.

How will I know if the client has signed all documents?

When the client has reviewed and signed all documents you will receive a message in your 'Message Center' located in the Illustration System and an email at your email address on file with us.

What happens if the client cannot open the email?

We suggest you resend the email. If the client still cannot open the email, there may be an issue with the software. If it cannot be resolved, contact the Producer Resource Center for assistance.

What happens if my client finds that the completed and signed eApplication needs changes?

The eApplication can be unlocked and changed prior to submission. Once completed, signed and submitted, we cannot go back and change it.

What can I do if a client is declined?

Please contact Sagicor's Producer Resource Center for other options.

How are consumer reports used with the Acelewriting® process?

Because our underwriting decision will be based, in whole or in part, on one or more consumer reports regarding the applicant, we are required to inform the applicant of where we obtain this information. The consumer reporting agencies do not make the underwriting decision for the applicant's policy. The Disclosure Notice to Proposed Insured is included in the eApplication. Sagicor, or its reinsurers, may also release information to other insurance companies to whom the applicant may apply for life or health insurance or to whom a claim for benefits may be submitted. The applicant may obtain a free consumer report by requesting it directly from that agency within 60 days of the application. Further, the applicant has the right to dispute directly with the consumer reporting agency the accuracy or completeness of any information provided by that consumer reporting agency.

What if my client has a dispute regarding the Medical Information Bureau or Motor Vehicle Records reports?

Should your client have a dispute regarding these reports, they may contact these agencies directly. The agencies contact information is provided below.
