SAGE TERM PRODUCT DESCRIPTION

Sagicor Life Insurance Company's Sage Term Life Insurance offers affordable level premium term periods of 10, 15, and 20 years. After the initial term period, coverage becomes renewable annually until the insured's 95th birthday. Conversion to a permanent life policy is also available until the insured's 70th birthday. This product is available through Sagicor's Accelewriting[®] automated underwriting process and fully underwritten process for certain face amounts and ages.

WHAT IS SAGICOR'S ACCELEWRITING[®] PROCESS?

Sagicor's Accelewriting[®] is an automated underwriting system that utilizes an eApplication. In most instances, Accelewriting[®] will provide an underwriting decision within minutes with no medical exams¹, bodily fluids, Attending Physician's Statements (APS), or telephone interview required. In some cases, additional requirements may be requested. Policy eDelivery is available with Accelewriting[®]. Other policy issue ages and coverage amounts are available through the fully underwritten process.

WHAT IS SAGICOR'S FULLY UNDERWRITTEN PROCESS?

Policy issue ages and coverage amounts outside the Accelewriting[®] limits are available through a fully underwritten process utilizing eApplication or paper application. Policy eDelivery is not available with the fully underwritten process.

AVAILABLE RIDERS

Inherent Rider

ACCELERATED BENEFIT INSURANCE RIDER

This inherent rider is included at no additional cost. The rider advances a portion of the death benefit proceeds if eligibility requirements are satisfied for a Terminal Condition or a Nursing Home Confinement. The minimum amount that may be accelerated is \$25,000 and the maximum amount is the lesser of \$300,000 or 50% of the death benefit. A one-time administrative fee, the lesser of \$250 or the maximum allowed by state law, will be deducted from the elected accelerated benefit amount.

Terminal Condition

Terminal Condition² means that the insured's death is expected within 12 months or less. The elected accelerated benefit amount will be paid in a lump sum.

Nursing Home Confinement^{2,3} (Policy Form#ICC146062)

An accelerated benefit will be paid if the insured has been continuously confined to a nursing home facility for 90 days and is expected to remain confined until death. Monthly payments will be made to the owner.

If the insured dies prior to all payments being made, the death benefit will be adjusted to reflect the accelerated benefit paid and the remaining amount will be paid to the beneficiary as a lump sum or under an available income option. If the insured is no longer confined to a nursing home facility, the accelerated benefit will continue until the end of the 5-year benefit period or the month anniversary following receipt of a cancellation request.

- Minimum Monthly Payment: \$250
- Maximum Monthly Payment: \$5,000
- Benefit Period: 5 Years

Nursing Home Confinement^{2,4} (Policy Form# ICC106002/6002)

An accelerated benefit will be paid if the insured has been continuously confined to a nursing home facility for 180 days and is expected to remain confined until death. Monthly payments will be made to the owner.

If the insured dies prior to all payments being made, the death benefit will be adjusted to reflect the accelerated benefit paid and the remaining amount will be paid to the beneficiary as a lump sum or under an available income option. If the insured is no longer confined to a nursing home facility, the accelerated benefit payments will be discontinued. The remaining accelerated benefit amount and premium will be reduced in proportion to the percentage of eligible term policy benefits remaining after the payments are stopped.

- Minimum Monthly Payment: \$200
- Maximum Monthly Payment: \$5,000
- Benefit Period: 5 Years
