¹⁵ For the Period Certain, Life Income with Period Certain and Joint Life with Period Certain, this rider provides for a one-time withdrawal of up to 30% of the withdrawal base at any time during the period beginning with the first contract anniversary through the end of the guaranteed period. Exercise of the one-time withdrawal will result in a reduced annuity income payment. This rider may be exercised only by the original owner, as of the contract date. The minimum withdrawal amount is \$2,500. This rider may not be available in all states. This rider is not available when this product is sold in combination with any other Sagicor product.

¹⁶ Part of the Penalty Free Withdrawal provision is known as the "Bailout Feature." Beginning in contract year 2, if the renewal rate is more than 1% below the Initial Fixed Interest Rate, the owner may request, within 30 days of notification, to receive the Accumulation Value without incurring a Surrender Charge or MVA. The "Bailout Feature" is only available the first time that a Declared Fixed Interest Rate is more than 1% below the contract's Initial Fixed Interest Rate.

¹⁷ MVA not applicable in MN, MO and PA.
