Sell Final Expense Life Insurance

This is a growing opportunity. When most companies are downsizing and laying people off... this industry is expanding. The bottom line is that over 10,500 people a day are turning 65 and this is not going to slow down any time soon. Funeral cost continues to rise and the need to pre plan has become of even greater importance. Most people live on a very tight fixed income and do not have the additional resources to pay in cash for their final expenses and ultimately relieving their loved ones from this financial burden.

A career in the **Final Expense** life insurance industry can be a very rewarding opportunity. This industry can provide benefits that no other opportunity can offer.

1. The ability to work a schedule that fits your lifestyle.
2. Provide true value to seniors and families in your community.
3. Earn a very high level of income with truly no ceiling.
4. Earn residual income.
5. Earn "all expenses paid" vacations to luxury destinations around the world.
6. Receive compensation on a weekly and even daily basis.
7. You won't have to rely on someone else for your job stability.

Part Time Opportunity

What would an extra \$1000 - \$3000 per month mean to you? Maybe you or someone you know currently has a part time job and is looking to earn some additional income. The great part about this opportunity is that you can control how much income you want to earn.

If you are looking to earn a part time income due to financial needs or based on your time constraints, there is no better opportunity.

Maybe you can only work in the mornings. Maybe you can only work on the weekends....the Final Expense sales opportunity can be the perfect fit for what ever your needs are!

Full Time Opportunity

-  This industry can be extremely rewarding for those entrepreneurs who are able to invest in their business and commit to a full-time effort. You will be in control of your time and your effort and level of engagement will dictate your results. You are vested Day 1 with YOUR Insurance Group. The opportunity is truly unlimited.
-  A full-time opportunity is defined as putting in a 40-hour week, or more. This includes time on the phone, time in the field, tracking your pending business and preparing your leads for the next day.
-  It is common for a full-time agent to work 10 leads a day. (combination of Direct Mail Leads, Overflows, Digital Leads)
